Dear Sara and Kate,

Just a short note to you to express how grateful we, at Groundwork Hudson Valley, are for helping Kenneth Garris and Sharon Speller to be able to have access to furniture for their new apartment. I received a note today from him expressing his gratitude and excitement about the items.

Sara, you were amazing and so efficient. You've mastered customer service! And we are all so appreciative about how quickly this all happened. Thank you, thank you, thank you!

Perhaps we can all have lunch one day soon!

With gratitude,

Sara Brody
